Notes for Adam D Learn:

Ruth Laney searched the Luthern Cemetery and wrote that Adam Learn and his wife's stones were so bad that she could not read the dates. This would seem that he had relocated to Indiana County before he died.

He died at age 57 years old. May 4, 1877 Letters of Administration were granted to John Learn.[I have not determined which John Learn]. There is no definite source for the initial D. in his name,except for the family believing this was his name./Guylene Cox/ There are several confusing questions on the data of his children Ann, Emma, and the possiblity of a "Minnie Etta".Ruth Bingham had a note that there were 13 children and that one's name was Minnie Etta. My record shows 13 children without a Minnie Etta. Olive Keturah Bash was unfamiliar with the possibility of a Minnie Etta. Ruth Bingham had a note that one child died at age 8 years 4 mos and 9 days. It appears that this is Ann./Guylene Cox

Notes for Lucretia Ann Cook:

Lucretia Ann was referred to as Ann in various sources.

Checked 1830 Census/but don't see note on what was found

She was age 67 yrs 10 mos 13 days at her death.

Ruth Laney stated that Adam Learn and his wife's tombstones were so badly worn that she could not read the dates when she visited there in the 1960's.

Apparently Ron Tibbitts submitted with born date of 1825 and marriage date of 1846. Baptism date 13 Nov 1996 and cleared for endowment and sealing to spouse.

Submitted with marriage date 1846.
